WHAT IT IS & WHY IT MATTERS

What is brand strategy and why it matters

Most people confuse brand with branding. Branding is the visual expression - the logo, colours, fonts. Brand strategy is the thinking behind all of it, and it answers three questions no strong brand can dodge.

THE BRAND STRATEGY PYRAMID

Purpose	Why do you exist beyond making money?
Vision	Where are you going in 5-10 years?
Mission	What do you do every day to get there?
Values	What principles guide every decision?
Positioning	How are you different from competitors?
Identity	How do you look, sound, and feel?
